

WELCOME TO OUR

# April Newsletter

*we're so glad you're here!*

## Director's Update

Happy April, everyone!

I can't believe we're over halfway through the spring semester! As usual, our ATSS staff are busy bees and we have a lot going on this month, including our **College Decisions Workshop (4/10)**. Students and parents are invited to join us to learn more about the process of accepting admission. Can't make it? Don't worry--we're continuing our **individual advising appointments** and **school outreach visits** to help answer your questions. Make sure you're following our Instagram account (@atssonoma) to stay informed, and scroll down for more information about what we're up to.

With all the uncertainty in the country and in many of our school districts, I want to reassure everyone that we'll be here to continue providing support and guidance to our students and families. As a reminder, we are still accepting [applications](#) until **April 30th**! If you know a student who would be a good fit for our program, please feel free to refer them to the link above!

Wishing everyone a great month, and stay tuned...there's more to come!

*-Ms. Penning*

## Ms. Moreno's Memo

### KEEPIN' UP WITH MS.MORENO: READ MORE TO STAY UPDATED!

We have started our last School Visits for the school year! Check your emails on when and where. Don't remember your School Visit date? Please email us and we can give you the information.

Seniors! Don't forget to book appointments with Mr. Campos and me to discuss your college decisions and financial aid packages.

P.S. Mr. Campos and I beat the ATSS students in laser tag at Belmont Park! It was a close call though.

## 🌴 ATSS Takes On Southern California! 🌊

**SOCAL UPDATE! MISSED OUT? CONTACT US TODAY!**

ATSS recently took an exciting trip to Southern California with Ms. Penning's other program, Upward Bound Piner—did you join us? We visited Cal Poly SLO, San Diego State, and UC San Diego, where current college students gave us tours and shared what makes their campuses so special, from student life to campus resources. But the adventure didn't stop there! We also explored the Birch Aquarium and even got to pet sharks, had a blast on rollercoasters at Belmont Park, and strolled through the charming town of Solvang while snacking on delicious Danish pastries. Want in on the next round of fun? Reach out to Mr. Campos or Ms. Moreno Espinoza to learn how you can be part of our Summer Field Trips—stay tuned for our next set of exciting destinations!

## Field Trip Eligible?

Want an easy participation point? Just follow us on Instagram—it takes seconds and keeps you updated on events and opportunities. Don't miss out on the easiest point you'll ever earn!

# Student Testimonials

## FIND OUT HOW ATSS HAS HELPED OUR STUDENTS!

I have loved my experience with ATS. After being in this program for five years, I've learned to stay on track with my A-G requirements, received mentorship on college applications, and been taught effective strategies to help me stay focused on academics. This program has not only improved my academic performance but piqued a genuine interest in learning. I've also made countless new friendships and loving memories that I will forever be grateful for.

**-Senior at Roseland University Prep**

ATS has helped me in various ways. One of the biggest things I appreciate them for is being involved in my future by informing me about college info. ATS hosts many meetings at my school talking about how to fill out college apps and CSU/UC's requirements which made me more aware of what I needed to do and how to do it. I would also like to add that they helped pay for my CSU applications which has allowed me explore different universities..

**-Senior at Windsor High School**
