November Student Spotlight:

Esteban Gaytan

This month's student spotlight is another of our freshmen, Esteban. Estefany caught up with him to get his thoughts on the program.

- Why did you apply to Upward Bound?
"I chose Upward Bound because I thought it could help me with a lot of opportunities that will come in the future and it has been a good experience."
- What do you like about UPB?
"I like the class, we get time to do our assignments and free time to do what we need to do. We get a lot of our own time. It's overall a good program and I like the teachers. I think it helps a lot."
- What has UPB encouraged you to do?
"To take more opportunities--if there's an opportunity, I'll take it. It shows me when we visit colleges that it takes a lot of work to go to those colleges and I have to work harder. If I work harder, the outcome will be just as good."
- How has UPB helped you?
"It has helped me to get prepared for things that are unexpected."

November Shoutout: This month's shoutout goes to sophomore Priscilla Rivas Anguiano, who has been providing math tutoring to other UPB students. Great job!
